

THINKWARE DASH CAM™ H50

Features

High Quality Video

High quality 2.0MP CMOS sensor captures amazing videos in 720P HD

Intuitive User Interface

Simple and user-friendly layout allows drivers to operate the device easily without being distracted

Multiple Recording Modes

Automatic switching between multiple recording modes (Continuous, Incident, Parking) provides optimal surveillance for all scenarios

Format Free Technology

Reduce the need for manual formatting of the Micro SD memory card

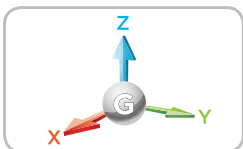

Thermal Self-Protection

The thermal sensor triggers the self-protection mechanism to shut down the device under extreme temperatures

Parking Surveillance

With hardwiring installation, it employs a combination of motion and impact detection to protect the vehicle from hit-and-runs

Impact Monitoring

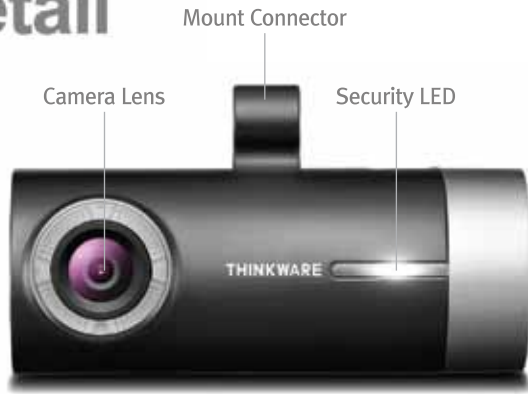

The Active Impact Monitoring System utilizes a 3-axis G-Sensor to detect impact and secure incident footage

PC Viewer Application

Internal built-in GPS antenna embeds speed and location data to the video which can be displayed on the PC viewer

Specification Detail

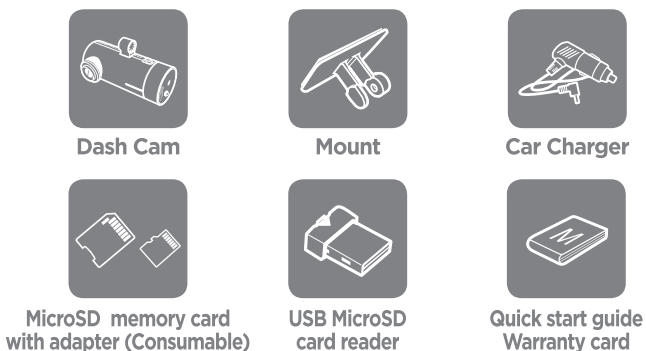

Technical Specification

- **Resolution** : F - HD (1280x720P)
- **Camera (Image sensor)** : F - 2.0MP CMOS
- **Frame rate** : 30 fps
- **Viewing Angle** : 120° (Diagonal)
- **Dimensions (WxDxH)** : 76x30.5x38.4mm
- **Weight** : 36.8g (0.08 lbs)
- **GPS** : External GPS Antenna (Optional)
- **Storage Temperature** : -20° - 70° C
- **Operating Temperature** : -10° - 60° C
- **Capacity** : Micro SD card 8G, 16G, 32G
- **Interface** : GPS port 1EA
DC-In / Micro SD Slot
- **Input Power** : DC 12/24V

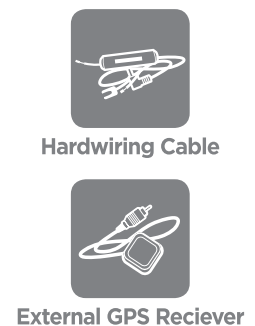

Recording time

Video Quality		HD 30fps
Capacity	8 GB	73 min
	16 GB	146 min
	32 GB	292 min
